2. TIPS

2.1 General

- On starting application, DigiXCT checks the license. If this file is not found, a dialog appears to select it. If you need license file, please contact support@digisens3d.com
- You need a 3-button mouse with a scroll wheel to use the software.

2.2 Graphic Card

- Make sure to have the latest NVidia driver version for your graphics card installed.
- Onboard graphics chips are not recommended, make sure to select the NVidia graphic processor for DigiXCT application.
